## **ASSEMBLY BILL**

No. 443

## **Introduced by Assembly Member Lowenthal**

February 19, 2013

An act to amend Section 12419.10 of the Government Code, and *to amend* Sections 4764 and 4774 of, *and to add Section 4767 to*, the Vehicle Code, relating to vehicles.

## LEGISLATIVE COUNSEL'S DIGEST

AB 443, as amended, Lowenthal. Vehicles: delinquent parking and traffic violations.

(1) Existing law requires the Controller, to the extent feasible, to offset any amount overdue and unpaid for a fine, penalty, assessment, bail, vehicle parking penalty, or court-ordered reimbursement for court-related services, from a person or entity, against any amount owing the person or entity by a state agency on a claim for a refund from the Franchise Tax Board under the Personal Income Tax Law or the Bank and Corporation Tax Law, or from winnings in the California State Lottery. Existing law requires a request for an offset to be submitted within 3 years of the date the penalty was incurred, and prohibits a local agency, once an offset request is made, from accruing additional specified charges. Existing law requires the payment of an offset request to be conditioned as constituting full and final payment of that offset.

This bill would delete the requirement that an offset request is required to be submitted within 3 years of the date the penalty was incurred. This bill would delete the prohibition imposed upon a local agency with

regard to the accrual of additional charges and the condition for the payment of an offset request.

(2) Existing law generally prohibits the Department of Motor Vehicles (DMV) from registering a vehicle if the registered owner or lessee has failed to pay outstanding parking or toll evasion penalties unless the registered owner or lessee pays the penalties at the time of the application for renewal. Under existing law, the DMV is not required to continue to attempt collection of outstanding parking or toll evasion penalties if a vehicle is transferred or the registration is not renewed for 2 renewal periods and the DMV has notified each local jurisdiction that is owed penalties of that fact.

This bill would not excuse the DMV from continuing to attempt collection of outstanding parking or toll evasion penalties if the vehicle was sold to a relative, as specified, or to a revocable trust, as specified. The bill would also prohibit the department from transferring the ownership and registration of a vehicle to a relative, as specified, or to a revocable trust, as specified, if delinquent parking or toll violations have been reported to the department, unless the transferee pays the amount of the fines and penalties for those violations to the department, or provides specified documentation showing the fines and penalties have been cleared.
